

### Doydoy, Jonnie B.

I am Pastor Jonnie B. Doydoy born June 20, 1966 in Valencia Bukidnon. I am second to the eldest of four children of Mr. Eldifonso and late Diosdada Doydoy. I was converted on this excellent Apostolic Doctrine November 1985. After my conversion I work as fulltime worker in the church in the Quezon City Manila. After a while I decided to go to bible school as an answer to the calling of the Lord. I studied in Baguio Evangelistic Academy of Ministry(BEAM) Bible School in \*Baguio

City\*. Three years after my graduation, I launched out to my pioneering place in Pangasinan. I pastored there four years. I felt a great burdened for Bohol because I saw the island in need of laborers. Though the place where I pastored in Luzon is a beautiful place, near to my family where we were secure, I choose to go to Jagna, Bohol. For almost fourteen years I have been in Jagna, Bohol pasturing where the membership is ninety five percent indigent.

A lot was bought for us but we don\*t have a church building. Until now we are still renting a place of worship. It is our desire to construct a place of worship on the lot that was given to us. The church is growing. I had a radio broadcast but it was stop for lack of finances. I would love to continue that radio ministry, to reach out more soul for Jesus.

Thank you very much, may the Lord continue to bless you and we need your prayers.
