

### Masih, Bashir

I am Bashir Masih, pastor of the church in Faisalabad, Pakistan. I am fifty three years old and have been pastoring for two years. I have a Masters degree in Economics and I teach at the government school. I pastor a small church of about eighty members.

Ten years ago I left the Catholic Church and became a Presbyterian. About two years ago, I received the baptism of the Holy Spirit and I began to pastor. It wasn't until eight months ago that I received the Mighty God in Christ revelation while speaking to Dr. Baumeister on the internet. A few months ago, I received the revelation of Baptism in Jesus Name and I was baptized January 25, 2009.

I am very involved in ministry in our local church and I am spreading the wonderful truth of Jesus Name baptism and one God. I have talked to my brother-in-law, Sohaile, who pastors in the same city about this wonderful truth and have learned that he also preaches the Acts 2:38 Doctrine. He is directly connected to our church.

I am married to Folomina and have three wonderful children, Naeem, Tehmina, and Khuram. Namaan is married and lives in Canada, while the other two live with me.

Thank you for your prayers and financial support. Pray for Pakistan that we may win many other churches.
